

DIGI-BRIDGE

Explore YOUR world independently or with a sibling or parent! Then show us what you find by sharing on social media (TAG @DIGIBRIDGEUS + use #STEAMSEARCH) OR emailing content@digi-bridge.org!

#STEAMSEARCH

HUNT FOR LEAVES

Collect as many different kinds of leaves as your age! Are you 8? Collect 8 leaves! Are you 12? Find 12! **BONUS!** Lay them and take a picture OR draw them!

SPOT A BIRD?

There are many birds out right now! Find one and take a picture or draw it! **BONUS!** Can you identify what kind of bird it is?

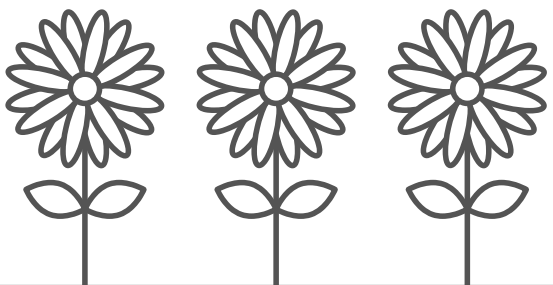

POLLEN IS FALLIN'!

Pollinators are animals of all types that visit flowers and take away their pollen. How many can you name? **BONUS!** Eat cheese powder coated snacks (Doritos or Cheetos) to understand pollination.

STICK WITH IT

Balance 5 sticks into a teepee shape without help (NO tape or rope) to connect them. **BONUS!** Challenge a family member to see who can build the tallest stick structure!

IT'S SPRING!

HOW DOES THAT GROW?

Find examples of a plant life cycle around your home. Can you find: seed, seedling (sprouting plant), mature plant, flower, fruit? **BONUS!** Pick a fruit or vegetable and draw its life cycle!
